EarlySense
Proactive Patient Care

Year Founded:	2004
Website:	www.earlysense.com
Revenue (Est.):	<\$500K
Employees:	3
US Office:	Woburn, MA

BUSINESS OVERVIEW:

Contact-free, continuous patient monitoring to improve patient safety within healthcare facilities, thus empowering facilities to improve the quality of care. Hospitals, healthcare systems, post-acute care centers, skilled nursing facilities, integrated delivery networks and rehabilitation centers improve patient safety and reduce readmissions and the associated penalties.

KEY HIGHLIGHTS:

- Partnered with Samsung, WelchAllyn, and iFit
- winner of Deloitte Technology Fast 50 - 2016 & 2017
- Validation study published in Anesthesiology - [READ MORE](#)

CONFERENCE OBJECTIVES & CLINICAL FOCUS:

- Sales
- Investment
- Channel Partners & Pilot customers
- Research/validation partners in Senior care, skilled nursing, hospitalists & Administrators
